India's First Nvidia DGX-Ready Data Center Partner for Liquid Cooling

World's First Pay-Per-Use Colocation Services for GPU Cloud Partners

Networks

Mission critical nationwide network backbone

- Enterprise connectivity in 1700+ cities, 3700+ PoPs
- Sub-1 ms latency to major hyperscalers
- 3 Cable Landing Stations: Mumbai, Chennai, Kolkata
- 8 international PoPs; global partnerships with telcos and IXs
- Multi-terabit, ultra-low latency network fabric

Data Centers

AI-Ready, Hyperscale, Green Data Centers

- 14 Data Centers | 227+ MW IT power, scalable to 1 GW
- NVIDIA DGX-certified, liquid cooling, 130 kW/rack
- Global Command & Control Center with AI-Ops
- 231 MW green power | ESG-aligned best practices

Cloud
